

Presenting....Science Cosmos @ Belmont Station for Fall 2017!

WHO: young scientists & engineers grades K-5

WHEN: Fridays 2:45-3:45

WHAT: Hands- on building and discovery

- **Lego WeDo STEM (grades K-2)** Students become young engineers as they build models with Legos and program their machines to move, make sound, and receive input from sensors.
- **Lego Intermediate STEM (grades 3-5)** Students use Legos to explore physics and engineering concepts. Science experiments reinforce the scientific method and allow students to demonstrate for themselves foundational laws of physics.

For a full description of courses see One Flyer!

Registration ends: 9/15

Start date: 10/13

End date: 11/17

Price: \$149
